

Press release

Oberriet, 14th of October 2025

Redefinition of Jansen AG's strategy in France

Dear Customer/Partner

In January 2021, Jansen AG acquired the subsidiary RP Technik GmbH from the Welser Profile Group. The aim of the acquisition was to strengthen and expand its position in the field of steel systems for windows, doors and façades.

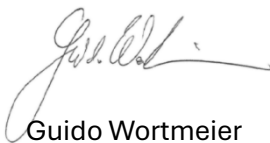

We hereby wish to inform you that, following a thorough review of strategic options, the owners and management of Jansen have decided, as part of their corporate responsibility for the French market, not to extend their collaboration with KDI France beyond December 31st, 2025.

Jansen AG is currently finalizing its agreement with Schüco International SCS regarding the distribution of RP Technik steel systems, such as Fineline, Tec, and Hermetic, on the French market as of January 1st, 2026.

Descasystem, a partner of Jansen AG, will take over the current Standard range from RP Technik as of January 1st, 2026.

If you have any questions, please feel free to contact us at the following email address: infoRP@jansen.com

Sincerely,
